Mobile Blood Unit Returns On December 1

Announcement that the Red Cross Blood Program in the Los Angeles area is embarking on an expansion program coincides with a call for Torrance blood donors to give blood when the mobile visits the American Legion Hall, 1109 Border Ave., on Thursday, Dec. 1.

"Close to 18 heart surgery operations are performed in the Southern California area every week now," declared Mrs. Robert Orsini, 1519 Beach Ave., blood program and disaster chairman.

With addition of the Veterans Hospital in Sawtelle, there are now 11 hospitals in this area where the delicate heart operations are handled. From 15 to 25 pints of blood are required for each heart surgery.

"Our goal for the 1960-61 fiscal year is 180,000 pints of blood donated through the Los Angeles Blood Program," Mrs. Orsini explained. The total for last year was 160,000 pints of blood.

Blood program volunteers—as well as blood—are urgently needed in the Torrance area, according to Mrs. Orsini. Persons who wish to serve as volunteer typists and canteen workers are asked to contact the Torrance Red Cross office, FA 8-0510, or Mrs. Orsini, FA 8-0647.

Appointments may be made to donate blood between the hours of 2:30 and 7 p.m. Industries, businesses, church groups, service clubs and other organizations are invited to build up their "group blood accounts."

Witnesses Plan Three Day Meeting

Over 2500 of Jehovah's witnesses from 24 congregations, comprising the whole of California's Circuit No. 16, are slated to gather at Long Beach Municipal Auditorium for a three-day meet. The announcement was made to an audience of more than 100 members of the Torrance congregation at 2303 S. Arlington, this week.

"The three-day assembly will be packed with Bible instruction," said Leonard Olliff. "At this time of year," he continued, "more than the usual attention is given to mankind's Savior. Thus the theme: 'Be Taught by Jehovah' is most appropriate."

Chairman and principal speaker of this semi-annual meeting of Jehovah's witnesses will be Theodore Jaracz, district supervisor.

Local Woman Heads Bank's Escrow Desk

Alpha M. Larrieux, a long time resident of the Torrance area, has been named Escrow Officer of the local office of First Western Bank & Trust Co., according to Ed Talbert, branch manager.

Talbert stated that this will be the first time an escrow officer has been placed in the local office, which has been in Torrance for three years at the intersection of Hawthorne Blvd. and Pacific Coast Hwy.

Miss Larrieux attended Phineas Banning High School and Long Beach State College. She brings with her knowledge gained through many years experience with banks, savings and loan associations, and independent escrow companies. Miss Larrieux was formerly assigned to the bank's headquarters in Los Angeles.

FOR SKI FANS

Thanks to machines that make artificial snow, America's three million skiers are assured more sport this winter than ever before, reports the December Reader's Digest. First developed by Philip and Joe Tropeano in Lexington, Mass., the machines produce snow that packs more tightly and last longer than the natural product. Resorts from New Hampshire to California and Minnesota to Virginia have them.
